

ARE YOU READY TO WORK?

Earn the Job Seeker digital badges and certify that you have the digital and professional skills needed for today's careers.

GETTING STARTED

<http://www.digitalonramps.com/badges/jobseeker>

Meet your Computer Instructor

The Job Seeker badging program is currently run out of Paschalville Branch of the Free Library and a few different **KEYSPOT** community computer labs. Find the computer instructor at your location and they'll sign you up and get you started today.

Get your Stamp Card

The Job Seeker badge program is using a stamp card that will allow you to keep track of the badges that you've earned. Your computer instructor will assign you a card and get you started on your first badge. Don't worry if you lose your card, you'll also receive emails as you earn your digital badges.

Start Learning!

Head over to the [learning pathway](#) and select your first badge to start on. Read over the tutorials and instructions. When you're confident that you can demonstrate the skills, just flag down your computer instructor and demonstrate your skills.

SHARING YOUR DIGITAL BADGES

Digital Badges are designed to be shared. Each badge has its own link that you can add to your resume, LinkedIn or share via social media.

1. CHECK YOUR EMAIL

- You will receive an email for each badge that you earn.

2. CREATE A BADGR ACCOUNT

- The Job Seeker badges are issued by the Badgr.com website.
- Follow the links in your emails to create an account on Badgr.com

3. SHARE YOUR BADGES

- Click the “Share” button on a badge that you have earned.
- Add your digital badges to LinkedIn
 - Add to the Certifications or Awards section of your profile
 - Copy and paste the badge link when asked for the URL
- Share it directly with Facebook, or Twitter
- Add the badge link to your resume
 - Type out the name of the badge
 - Select the text and right click on it.
 - Select “Hyperlink” and paste in the link to your badge
