

It's Your Dream. Make it Big.

LRNG is a new interactive platform that turns learning into a lifestyle. LRNG connects you to experiences from all over and unlocks real-world opportunities in Philadelphia that are related to your passions and interests. Find playlists of activities from local and national organizations that are offering ways to explore, learn new skills, and connect you to fellow enthusiasts and experts.

Experience LRNG

It all begins with XPs or experiences. XPs explore a range of topics from work skills, coding, and STEM to music, fashion, and art. These XPs are organized into a network of online and offline experiences called Playlists. Explore and find XPs in your city and opportunities in your own backyard.

Badge of Honor

By completing an LRNG playlist, you can earn a Badge, which is like a digital certificate for the experiences that you've completed. These badges represent your learning achievements and can be used to help connect you to real world opportunities and show evidence of your skills.

Show and Prove

Completing an XP means you've finished all the required activities, either online (Digital XPs) or in person (Local XPs). For most XPs you'll need to submit some form of "evidence," like a short reflection or a worksheet as proof of completion.

You can check a playlist to see which XPs you've completed and see the XPs that are left to earn the badge. Some XPs are optional and aren't required to earn a badge.

Earn Your Badge

Once all of the XPs in a playlist are completed, you can submit to earn your badge. Your work will be evaluated by a professional within a couple of days. You may be asked to re-submit an XP before the badge is awarded.
